

English:

We will be completing a unit of work on a film called Caterpillar Stories. The children will write character descriptions and use these to retell the story. We will then move on to writing non-chronological reports about creatures in the film. Towards the end of term we will write riddles about these creatures.

Science:

Our focus this term is animals. The children will look at what they need to live/survive as well as investigating life cycles. They will also have the chance to plant seeds and watch them grow.

Maths:

We will do a unit of work on division as this was an area the children have found more challenging in recent assessments. We will move on to word problems with the older children focussing on multiple step problems. Towards the end of term we will try some problem solving investigations.

PSHE:

Our value for this term is respect. We will be thinking about self-respect as well as how to respect others.

Sowing and Growing

Computing:

Our focus for this term will be continuing to use Book Creator to make e-books.

PE:

Our PE focus for this term is athletics and rounders.

RE:

This term we will learn about why some stories are more important than others. We will learn a variety of stories from the Old Testament and particularly those important in Judaism.

Topic:

We will be looking at cooking and nutrition, considering where food comes from with a focus on making salads.

Art:

This term we will be doing some silk paintings of sunflowers. The children will begin learning to sketch sunflower before planning out their designs and painting them on silk.
